ABOUT ME

Motivated and detail-oriented BCA student with hands-on experience in frontend development and the MERN Stack (MongoDB, Express.js, React.js, and Node.js). Skilled in developing responsive, scalable, and user-friendly web applications using modern technologies. Proficient in JavaScript, React.js, REST APIs, MongoDB, and Git/GitHub. Currently working as a Frontend Developer Intern at AI Scholars, gaining practical experience in building modern web applications and working in collaborative development environments. Seeking internship opportunities to apply my technical skills and grow as a Full-Stack Developer.
